I'm easy

Small things change your life
and your future too.

BIRÒ

Birò in short

**A tiny two-seater
with huge possibilities.**

**100% electric,
Zero emissions**

**Up to 100 km
range**

**Easy to recharge from
public charging stations
or 220V home socket**

**Only 1.79 m
long**

**Driveable from 16 years old
on average in many European
countries.**

Built for visionaries.

Not all superheroes wear a cape: some have four wheels and are the world's **smallest 100% electric vehicle.**

**Faster commuting,
positive impact
on the Planet.**

Features

- 48V in-wheel electric motors
- Regenerative braking
- 220V charger and multistandard cable
- Full LED headlights
- Hill holder
- 4 disc brakes and alloy wheels
- Steering wheel with integrated controls
- 3-point seat belts

Why Birò?

- 01** You park easily.
- 02** You are always protected.
- 03** You charge it everywhere.
- 04** You save time.
- 05** You save energy & money.

You park easily.

Finding a parking space is a feat of superheroes, but Birò is tiny and can **park for free anywhere*** also on scooter parking lots.

* Check your municipality's regulations.

So mini that four
Birò fits in one
car parking slot.

Dimensions

Length

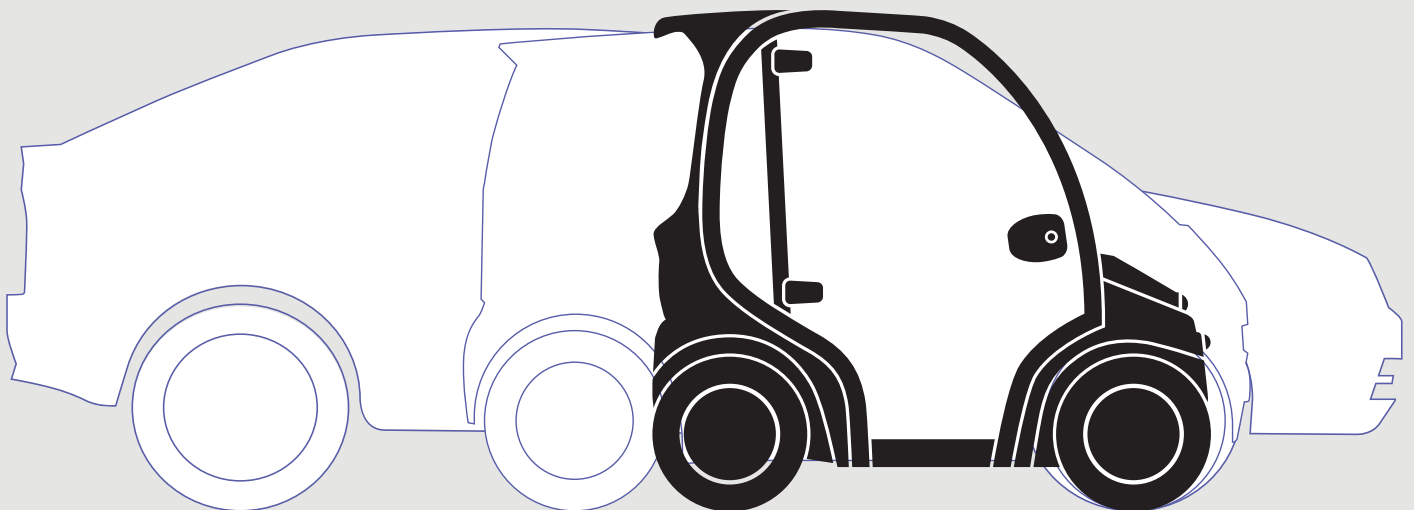

1.794 – 1.835 mm

Width

1.107 mm

Height

1.565 mm

You are always protected.

Birò is small, but **safer** than 2-wheelers. Its **crushproof chassis made of shaped steel** makes Birò the safest vehicle in its class.

In addition, the **four disc brakes** and **three-point seat belts**, make it the perfect companion for moving around in total peace of mind.

You charge it everywhere.

The battery can be recharged by any **standard 220V socket** or at public **charging stations in the city**. With the innovative ReMove system just extract the battery mounted on wheels as a trolley and recharge it easily even **at home, at the office or wherever you want**.

Easily switch from Scame or Mennekes to 220V socket thanks to the integrated multi-standard cable.

Choose the suitable version to your commuting needs.

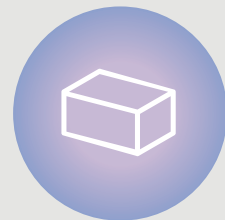

45 Maxi

Max speed **45 km/h**
Up to **100 km** range
Full charge in about 5 hours

45 ReMove

Max speed **45 km/h**
Up to **55 km** range
Full charge in about 3 hours

60 Maxi

Max speed **60 km/h**
Up to **90 km** range
Full charge in about 5 hours

All our batteries are 5.5 kWh Li-ion and their charging absorption have a maximum of 1 kW.

You save time.

All those hours lost in traffic... forget them!
With Birò you are always on time, **moving easily around downtown and enjoying all the benefits of an electric vehicle, such as accessing restricted traffic zones*** freely and without paying

* Check your municipality's regulation

Get on board and stay
away from stress!

**Average
commuting time**
compared to a car

-30%

**Average time
to park**
compared to a car

-90%

You save energy & money.

With Birò you cover **100 km with 3€*** and maintenance costs are much lower than a car.

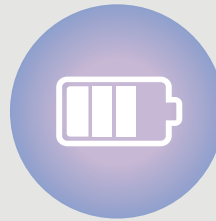

*February 2023's data.

Less cost and less consumption.

Maintenance cost
compared to the car

-75%

Consumption (kWh)
compared to the most efficient electric car

-59%

A vehicle designed for your business.

01 You choose wheter to buy or rent it.

Renting - you choose if
at short, medium or long term

Leasing

02 Share with whom you want.

Family and friends sharing
Corporate and Community
sharing

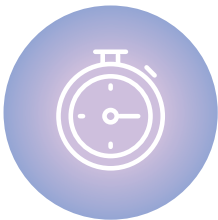

03 Get yourself noticed.

You choose whether to buy or rent it.

Build your Birò fleet.
How?

Choose the formula
that suits you the best

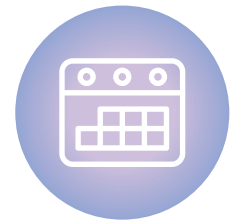

Short, medium or long term rental

Three different solutions. including **financial, insurance,** ordinary and extraordinary **maintenance costs,** to grant saving to you and a more sustainable mobility for the world you live in.

Financing

Our flexible and **customizable purchasing formula for individuals and small businesses.** Contact us to get information on the solution that better fits your needs.

Leasing

A smart and safe **opportunity that doesn't need initial investments.** With a **monthly instalment** you don't risk costs surprises and gets all tax benefits.

Share with whom you want.

The only micromobility
sharing on 4 wheels.

1. Family and friends sharing

Open your Birò by smartphone, always find **where it is** and check the **battery charge level**. And **share it** with family and friends with non need to hang keys, just "invite" them by your phone.

2. Corporate and Community Sharing

Offer to customers, colleagues, partners or employees the freedom to move whenever they need, with a **fleet of shared vehicles managed by Birò App**.

The smartest solution to go around in the city, cutting your mobility costs and protecting the environment.

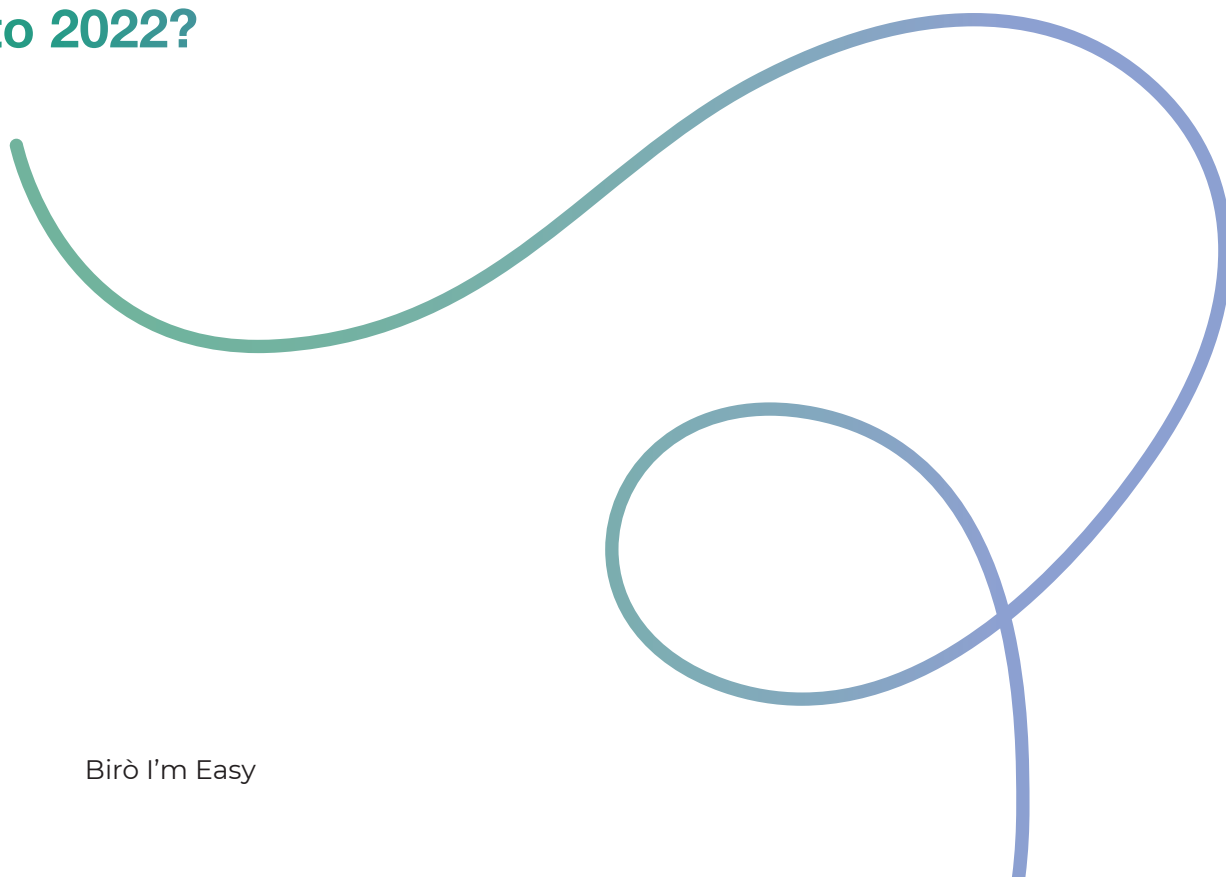

3. Become a Birò Share partner

Offer an **easy, safe** and **sustainable** mobility solution to people living in your city and allow your clients to move around **stress-free**, driving the tiniest four wheels vehicle in the world. All that, with a mobile app already well tested and easy to use.

Birò is natively IoT connected and can be integrated into several commercial sharing platforms.

**Did you know that the
Biròs in Sharing have
increased 1000% from
2021 to 2022?**

Who's already on board Birò

Local entrepreneurs

Green Way, a company of local entrepreneurs focused on eco-sustainability, **has chosen Birò to simplify mobility and free up vital spaces on the island** of Procida, offering residents and tourists a fleet of Biròs in sharing with free floating mode

Start ups

Mego Mobility has replaced its fleet of rented vans **with Biròs**, making the cities of Amsterdam and Rotterdam accessible again to building professionals and installers.

Sharing providers

Wesk, a fresh start-up, launched the **Shaary car sharing service** in Marseille with a fleet of **100 Birò** available for citizens to help improving the air quality and proposing an alternative kind of mobility.

Service companies

Italian Way, a service company based in Milan, Ancona, Paris and Singapore has chosen **Birò for its employees** who are now free to move in the city center, no worrying about traffic and limited access areas, finding parking anywhere in time for their appointments.

Hospitality groups

Leonardo Hotels Group employees can now move through urban traffic **and carry out their daily general services easily and practically**, thanks to their Birò fleet.

Municipalities

The municipality of Peccioli has launched the **Birò Share service with 32 vehicles**, 20 of which used by owners of small shops and boutiques located in heart of the ancient "borgo" and 12 offered in sharing to residents and tourist: Birò being the only sustainable four wheels vehicle **capable of moving in the narrow streets** of the historical village in full respect of its historical charme

Get yourself noticed.

Birò can be **customized** with **your brand, your contacts, your colors and your pictures**. But customization goes much beyond that: you can completely change the look of your Birò and make yourself recognizable everywhere, by creating in our atelier your unique **tailor-made Birò**.
